Radio City Christmas Spectacular

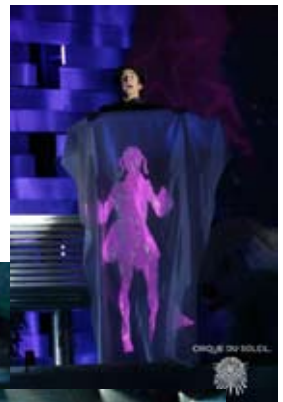

A New York City Christmas tradition held in one of the most famous theaters in the city! The Radio City Music Hall was recently restored to its original 1932 opulence and grandeur and will again host America's most beloved holiday theatrical featuring the Radio City Rockettes. The Rockettes continue to dazzle audiences with precision dance and world-famous eye-high kicks. Santa Claus will make a special appearance in the exciting 3-D film that kicks off the show, taking the audience on a magical sleigh ride through New York City. This year's show includes new numbers and old favorites including the "Parade of the Wooden Soldiers" and the majestic "Living Nativity."
